My BIG Dream Project: Event Planner

First of all thanks for reading this. If you do, you will know about one of my big dreams.

My BIG Dream Project is to become an Event Planner. I know I may not be able to make all my income from this right now, but I'm starting to experiment with this because I have a passion for it and I have a heart for making events an amazing experience!

Some of the things I have in place are that I've taken the initiative and helped to create some events on my campus and I've also worked for a local non-profit to design a fund raising event that helped them reach their year end goal! (As you can imagine... these experiences have made me even more passionate about this dream!)

Some of the things I still need is contacts and opportunities. So if you have someone that is a successful event planner and you'd be willing to connect me with them I would really appreciate it. I won't ask them for work. I want to simply talk to the best in the business and find out more about how they do what they do. Also, if you have an event that you need help with, think of me. I might be able to provide you with the support you need to make your event an incredible experience. And you'll be helping me to go after my big dream in the process.

Since you have this, then you obviously have my email address. So if you have ideas, connections or encouragement for me... I'll take the help! And no matter what... thanks again for reading this!

By the way, I believe we all have big dreams... what's one of yours?

Let's work together to Inspire your campus to dream BIG!
